One World, One Civilization

In ^{the} modern world, every deed has global implications. Every single good or bad deed has the effect of either lifting up or letting down, not only the society in its close proximity ^{our nation and the whole world} but also the larger global civilization. The world today is a single place.

N.B.:

① "Every single good global civilization"

Slightly changes the author's meaning.

Suggestion:- "Good expression, but improve content accuracy by avoiding added ideas and retaining all the essential points of the original passage."
